MY AICON 72 SL

AICON 72 SL is a luxurious boat, conceived paying attention to the smallest of details to offer our guests a unique experience. Large areas at the stern and the bow with a big sunbathing zone give clients the opportunity to enjoy the breeze while sunbathing. Launched in 2011, AICON 72 SL can host up to 12 passengers for daily excursions and 8 passengers for a cruise or overnight stay. AICON 72 SL was entirely refitted in 2016, both internally and externally; it features a dive platform and a big after peak where the tender is located, able to reach the most enchanting hidden places. AICON 72 SL has a large and luxurious living area with a hard top, air conditioning throughout, a satellite TV, an intercom and internet connection.

With a speed of 35 kts and thanks to its operating time, this vessel can reach wonderful places directly, such as the Aeolian Islands, Sardinia and Sicily. AICON 72 SL is the perfect solution for a luxurious daily excursion or a weekly cruise with all mod cons, in complete safety.

MY RIVARAMA 44

This boat has been correctly defined as “the most refined floating suite”. Not only are her 44 feet a model of technology and absolute avant-garde (the driving seat is entirely electronic and can accommodate three people at the touch of a button – often used as an example of the most advanced solutions in the boating field), but they also personify refinement and luxury lifestyle. The owner cabin offers all the comforts of a five-star hotel, including the unique system of rapid refrigeration for champagne and two flutes. Her performances are such that they allow cruising long-distances with the utmost speed and comfort.

MY BAIA ONE 43

The **BAIA ONE 43** is a “brave” day cruiser that sets itself apart from numerous competitors by subverting their traditional patterns. Like any day cruiser, it is fast and sporty, it guarantees safe navigation even in the liveliest waters and ensures every comfort on board, but it stands out from the others for some deliberately transversal choices.

The BAIA ONE has been designed for people who love the sea and enjoy spending time there on beautiful sunny days, thanks to a large cockpit that occupies more than half the surface of the entire boat, reaching about 20 meters: a splendid terrace overlooking the sea for moments to treasure.

APREAMARE GOZZO 35

A new version of the famous *gozzo sorrentino* that meets the most modern life styles. Conceived by the architect Marco Casali, together with Cataldo Aprea, great effort was made into developing this concept: with an eye to Mediterranean charm, the design of the hull lines enhances external spaces, respecting the traditional gozzo ones, albeit adding a modern twist and placing it in a more contemporary context. The outcome is a new and elegant solution that respects the Amalfi Coast traditions and offers a splendid experience in the greatest comfort and luxury.
